CCA Constitution ARTICLE I – Membership SECTION 1. Eligibility. Lifetime Membership – May be conferred upon members of long standing by recommendation from the Board and ratified by 2/3 vote of the membership present at the Club's spring or annual business meeting. Lifetime members have full office holding and voting privileges but do not pay dues. Lifetime membership shall not be conferred upon more than one person (or two if husband and wife) in any Club official year.

## From the President

Your new Board of Directors is working hard to bring new and improved opportunities for our members. We believe our club will grow and prosper as we begin to offer more for our membership. Our new FB Group will help open the lines of communication, as well as give us the ability to disseminate information in a timelier manner as well as respond to our members concerns. Our BOD is enthusiastic about getting this club back on its feet with a NEW ATTITUDE of camaraderie and sportsmanship.

The BOD has filled many of the CCA Committees but there are still opportunities to serve. If interested, please contact your VP.

We missed seeing our friends at the October 2020 National Specialty however we are diligently working on 2021 where we look forward to reconnecting with each other.

Thank you for your positive vibes and support. Working together, this club will be all a National Club should represent to ALL MEMBERS.

Stay Healthy and Happy,

*Jenny Hauber*

Virginia (Jenny) Hauber, CCA President

## Editor's Pen

The Chi Chatter has brought on board several new committee members and Beverly LaFleur, our former Chi Chatter Editor has come out of retirement to work with us on the Chi Chatter again.

In addition, we have a new columnist Joyce Gutshall of Rossmoyne Chihuahuas from Pennsylvania. Joyce and her friends have drawn much attention to our little breed with their huge accomplishments with their Chihuahuas competing in agility. Joyce will share with us the ins & outs of agility and training tips.

Enjoy the Top 20 special edition!

May all your ribbons be blue or better!

*Michele Misurelli-Gillis*

## CCA MINUTES & REPORTS

### Meeting of the Officers and Board of the Chihuahua Club of America

August 4, 2020

#### Meeting Minutes

Meeting Called to Order by President Lauren Payne at 7:00pm Central time.

Motion to Record the meeting made by Lynnne Bunten, seconded by Grace Sette. Approved unanimously.

Meeting Recording started at 7:02 pm Central Time.

Lynnne Bunten made a Motion to accept the minutes of the July meeting as published/corrected, seconded by Grace Sette. Passed unanimously.

**Secretary's report:** AKC correspondence forwarded, ACE Award nominations, virtual dog show, guidelines.

#### Treasurer's Report

\$630 donations for trophies  
for Orlando  
\$135 membership fees  
\$50 BOB Plaques  
\$42.90 handbook sales  
\$188.95 chi chatter  
subscriptions  
\$1,068.95 ads for Chi Chatter  
\$300 Top Twenty  
Total income \$2,226.85

#### Expenses:

\$27.36 Pay PAL charges  
\$551.73 Bear and Associates  
Total Expenses \$ 579.09  
Net Income \$1,647.76

#### CCA Accounts

\$ 12,659.61 checking  
\$ 17,690.99 smaller Ameriprise account as of June  
\$ 52,472.45 larger Ameriprise account as of June  
\$ 70,163.44 in Ameriprise as of June

#### WEB Committee Report August 2020

We have made additional improvements to the Web site. The store has been reorganized and the ability to donate to the CCA

fund of your choice has been added (whether health, juniors, general fund, trophies etc.).

We did encounter a critical error when testing a plug-in program to accommodate the request of offering gift subscriptions to the Chi Chatter which did cause our site to be down for 24 hours. Additional expertise was required to repair the conflict which the committee absorbed personally. The ability to order gift subscriptions is currently on the web site offering the option to gift a subscription by selecting different billing and shipping addresses. All new members have been added to the members only section of the CCA website.

Respectfully submitted by:

Marcy Blank, Web Committee Chair

#### West Central VP report Willo Barfield.

Willo Thanks the membership for communicating their concerns with her.

Willo read 4 anonymous letters from members-

**Chi Chatter, Michele Gillis :** Mail is running extremely behind. If any member still has not received their Chi Chatter, Michele asks that member call or email her and she will mail out a copy.

**Rescue Report Lynnne Bunten :** Lynnne is receiving inquiries from the website and is able to respond to them quickly. Lynnne asks members to let her know of reputable rescues in their area of the country. Thank you to Marcy for a copy of the most recent Roster.

#### Election Chair Report-Kathy Bornemann on behalf of

**Racheal Miller Election Chair :** Racheal Miller forwarded the Election Ballot Instructions for our review and reminds members to sign the envelope where indicated when returning their completed ballot. Racheal Miller is available if any member has a question or needs help understanding the Ballot instructions.

#### NEW BUSINESS

Discussion pertaining to the \$27.36 PayPal charges. Suggestion to add additional fee to Membership dues for those choosing to use PayPal to cover the additional PayPal charges to CCA. Discussion about the Not For Profit document of Determination from the IRS has been applied for.

Willo Barfield requests the CCA club business be placed in the front of the Chi Chatter magazine.

**2019 Top Dogs Recognition:** Grace Sette says in the fall edition of the Chi Chatter, it is ok to accept ads from anyone, it is not strictly for the 2019 recognition dogs. Grace says she has 26 people indicating interest.

**Canine Health Foundation balance:** Lauren Payne explains, this is an organization research site; people donate money and pick a breed and CHF manages the funds. Every year, the CCA Health committee reviews the research that is going on and we must contribute 5% of our Breed funds to a specific study. If we do not designate a study, the AKC will choose one for us.

**Embark - Kris Specht:** Embark reached out to see if CCA would encourage our membership to use their DNA service to test our dogs, and if we agree, then CCA members would get a reduced rate for testing; there is also a cash matching option but CCA is not in a position to pay a portion of the cost. Willo Barfield makes a motion that we can support the Embark program so long as it does not cost CCA money. Kris seconded. Annette Waldkoetter says many people don't know what Embark is and prefers not to sponsor or encourage members to use this firm and instead prefers to place information out there for members to see what is available; Annette is uncomfortable being a sponsor when there are other programs that are similar. Ann Vargo already vetted the program and Kris did some comparison. Willo Barfield is asking in her motion is that people consider testing; that it is in the best interest of the Breed to test. VOTE: all in favor: Kris Specht, Willo Barfield, Shawn Jones, Lynnne Bunten, Kathy Bornemann. Abstain: Christie Foulk, Michele Gillis, Jenny Hauber, Grace, Annette. The motion passes.

**Multiple Facebook pages** – per Michele Gillis two FB groups and one FB page are up for the club and it is confusing. Lauren Payne agrees we need to get to one Facebook page that is informational only. Willo Barfield motions to have the Facebook site page owned by Leslie Harger and moderated by the VP's be archived. Seconded by Grace Sette. Discussion: we should have a deadline and a notice for members. Vote: yes: Kris Specht, Jenny Hauber, Willo Barfield, Shawn Jones, Grace Sette, Michele Gillis, Lynnne Bunten, Christie Foulk, Annette Waldkoetter, Kathy Bornemann. Motion passes.

Discussion pertaining to a difference between a Facebook page and a Facebook group.

Willo Barfield motions to leave this in the hands of our Webmaster to establish a Facebook page. Grace Sette seconds. Discussion: pertaining to a venue that members can reach out to the BOD, receive their questions and respond to them, a page or a group, where the Board can be messaged.

The motion is to remove all other sites except what has been established by Marcy Blank as our official FACEBOOK cite, where the moderators as The President, Secretary and Marcy Blank as Webmaster. Grace has seconded. VOTE: YES: Kris Specht, Willo Barfield, Grace Sette, Lynnne Bunten, Kathy Bornemann. Abstain Jenny Hauber, Christie Foulk, Annette Waldkoetter. NO: Shawn Jones. Michele Gillis Abstained. Motion Passes.

**October meeting time and date** – everyone agreed on the time for 6pm and date October 10 for our meeting in the postcard format as discussed. Kathy Bornemann suggests a ballot for the Lifetime Member Nominee. Jenny Hauber moves to make the Lifetime Membership vote a ballot that is sent with other election ballots, seconded by Kathy Bornemann. Vote: passed unanimously.

The letter of nomination will be forwarded to the Election Chair to be included with that Ballot.

Discussion pertaining to a format for members to participate. A service adequate has not yet been decided on. Suggestion to try Microsoft Teams again. 9:32 CE Time, Lynnne Bunten and Grace Sette motion to adjourn.

---

Dear Fellow CCA Members,

I hope you are all doing well. I know this has been an unprecedented year for us all, in so many ways. Sunshine plays a small role in helping us to stay in touch during difficult seasons.

This year, Racheal Miller will join Cherry Parker and I on the Sunshine team. If you are interested in helping out just let one of us know. I am always on the lookout for cute Chihuahua themed cards. And of course, most important to our success is you!! Please let us know of any of our members who may need a card from us.

Since my last report, I have mailed out Ten cards. Four were Get well cards. One went out to Stephanie Shultes who is recovering from surgery. Cards were also sent to Cherry Parker and Betty Stallard who have both recently been in the hospital. I also, sent a very late card to Sylvia Farkas, who had surgery quite a while back. I am so sorry; I did not get this out to her at the time.

A Thinking of you card was mailed to Jim Lehman. And sadly, five of our members were sent Sympathy cards. Carla Soto and Charlotte Ellis have recently lost their husbands. Barbara Breidenback lost her brother, and Kyle Potts and Michelle Herod have both lost their mothers. Please keep all of these members in your thoughts and prayers.

Sincerely,  
Christie Foulk,  
contact me at: 619 665 1058, or chrmmom8@aol.com

## MISSION STATEMENT

- TO encourage and promote quality in breeding of pure-bred Chihuahuas and if at all possible to bring their natural qualities to perfection.
- TO encourage the organization of independent local Chihuahua Specialty clubs in those localities where there are sufficient fanciers of the breed to meet the requirements of the American Kennel Club.
- TO urge members and breeders to accept the standard of the breed as approved by the American Kennel Club as the only standard of excellence by which Chihuahuas owners shall be judged.
- TO do all in its power to protect and advance the interests of the breed and to encourage sportsman- like competition at dog shows and trials.
- TO conduct Sanctioned Matches, Specialty Shows, and Obedience Trials under the rules of the American Kennel Club.
- TO promote the qualities of The Chihuahua breed to the members and general public through publications, educational seminars,

## Chihuahua Club of Greater Milwaukee Heidi Chiappetta CCGM Secretary

The Chihuahua Club of Greater Milwaukee will be holding our Specialty shows on Friday July 30, 2021. The Waukesha KC all breed shows will be held on Saturday July 31 and Sunday August 1. Just a short drive away are the Burlington Kennel Club shows, Monday August 2 and Tuesday August 3 in nearby Elkhorn, WI. Our judges for the Specialties include Mr. John Ioia for the first show and Mr. Richard Powell for the second show. Our Sweepstakes judge is Mr. Jeff Crouse. Junior Showmanship and National Owner Handler Series will be offered as well during both specialties.

The Chihuahua Club of Greater Milwaukee will hold our annual meeting on Friday July 30 as well. A light lunch will be offered between shows. This is a great time to support Chihuahua Specialty shows.

Please plan on coming to Waukesha next summer. Please note that we need your support and entries to be able to continue holding specialties. Judging is inside and air conditioned with ample room for set up and crating. There is also plenty of room for RVs, hookups and a dump station are available. Please join us in 2021!

## Chihuahua Club of Greater Phoenix

The club has been closed down because of the Covid 19 virus since right after our two Specialties in February 2020. When we were released here in Arizona from quarantine we have had two membership meetings, in June and again in July, with potluck and puppy playtime at our President Michelle Herod's home in cool Prescott. During the June meeting we began making plans for our next Specialties: one in November 2020 and our spring, in Arizona, one in early March 2021. Our clubs concurrent specialty is on Saturday November 21, 2020, in conjunction with the Fiesta Dog Shows Cluster, November 19-23, 2020. We are all looking forward to these quickly approaching shows.

Beverly LaFleur  
CCGP secretary

## Southern California Chihuahua Club Report

Greetings Friends!

Last month we did not have a SCCC report, as everything out here in California seemed to be shut down. We really had little to share! *However now*, we are hopeful that things will be turning around soon, and we are beginning to get started on the early planning of our 2021 Specialty! Fingers crossed! We have many older folks in our club, so in order to keep everyone safe and healthy we have been unable to hold our regular meetings. Our member, Dale Van Camp has been sending out our newsletter faithfully each month and that has helped to keep us connected.

For the past few years Suzanne Stephens-Troung has been our wonderful show chair. This year her hands are full with her two little ones and her families business so she has had to step down. Dale Van Camp and I will attempt to fill in as best we can. We thank her for many years of service to the SCCC.

Be watching for further updates about our Specialty. We are working on an April 2021 date. We will keep you posted!!

Sincerely,  
Christie Foulk President

## MEMBER CLUB Benefits

- THE CHIHUAHUA CLUB OF AMERICA WOULD LOVE TO ADVERTISE IN YOUR SPECIALTY CATALOG.

PLEASE CONTACT OUR CCA SECRETARY RACHEAL MILLER AT [CCABODRMILLER@YAHOO.COM](mailto:CCABODRMILLER@YAHOO.COM)

- THE CHIHUAHUA CLUB OF AMERICA WILL OFFER A BOB OR BOV TROPHY PLAQUE AND A HIT PLAQUE (IF OBEDIENCE IS OFFERED AT THE LOCAL SPECIALTY) TO CCA MEMBER CLUBS FOR PRESENTATION AT THEIR SPECIALTIES. CCA REQUIRES THAT MEMBER CLUBS PUBLISH THE TROPHY PLAQUES IN THE PREMIUM LIST FOR THEIR SPECIALTY SHOW. A COPY OF THE PREMIUM LIST WILL NEED TO BE SENT TO THE CCA 'S AWARDS CHAIR KYLE POTTS [KYLEPOTTSTX@AOL.COM](mailto:KYLEPOTTSTX@AOL.COM)
- KYLE IS HAPPY TO HELP, ANSWERS ANY QUESTIONS, AND MAKE SURE YOU GET YOUR PLAQUES. FULL DETAILS ON HOW TO OBTAIN PLAQUES CAN BE FOUND AT [WWW.CHIHUAHUACLUBOFAMERICA.ORG/CCA-MEMBER-CLUBS/AWARDS-RECOGNITION](http://WWW.CHIHUAHUACLUBOFAMERICA.ORG/CCA-MEMBER-CLUBS/AWARDS-RECOGNITION).

*Congratulations Juniors! We are so proud of you.*

In December of 2020, at the AKC Agility Invitational, four out of the six Chihuahuas competing were bred by me. I am honored by this fact but give all of the credit to their owner-trainer-handlers Brenda Landis and Gale Wise. These ladies have put in countless hours training, competing, and loving their Chihuahuas. I have trained and competed in agility with my Chihuahuas in the past and it really is a labor of love. To train and compete in agility with your Chihuahua strengthens your bond as it requires much time and dedication. The Chihuahuas seem to enjoy it immensely and it is great exercise for both them and their handlers.

I began breeding Chihuahuas primarily as pets in 2002. In 2006 a local young woman inquired about a Chihuahua puppy with which to train and compete in agility. I didn't know much about agility and had never considered Chihuahuas as agility dogs, but I placed a puppy with her and it was the beginning of a new focus in our breeding program. I went to watch Amanda Haws-Nicholson compete with Rossmoyne's Bonita Sonador and was inspired to begin training and competing with some of my own Chihuahuas including Sonja's father Baci, aunt Taffy and cousins Tiffany and Goldilocks. Baci and Taffy both earned their TDAA agility championships and Tiffany and Goldilocks both earned several agility titles. Sonja was the first of many Chihuahuas bred by me to have success in AKC agility.

Above: "Spicy" has earned so many titles, her registered name is longer than the alphabet:

**MACH8 Rossmoyne's She's A Spicy Girl RN  
J\11.XG3 MJS3 MFS TQX T2B3 TKN**

**MACH (Master Agility Champion) is the highest agility title available through the AKC which Spicy has earned eight times over -MACH8**

### Gale Wise

Gale Wise is a local Chihuahua agility legend. She first began competing with her Chihuahuas Dixie and Carlos in 2006 and then with their daughters Magic and Honey. Magic attended the AKC Agility Invitational in Florida four times. Magic was the first local Chihuahua to earn a MACH and then because of her tiny size she began jumping 4" and retired with PACH6. Gale is currently competing with MACH8 Rossmoyne's She's a Spicy Girl and PACH6 Rossmoyne's Toot Toot Tootsie. Spicy will be attending the AKC Invitational for the fifth time in 2020. She was # 5 MACH Chihuahua in 2016, # 3 in 2017, # 2 in 2018, number #1 in 2019., and is #2 for 2020. Tootsie has attended the AKC Agility Invitational three times and was the #2 PACH in 2017 and the # 1 in 2018 & 2019.

### Brenda Landis

Brenda Landis first began competing in TDAA agility with her boys Gonzo the Great, Sarah's Chipper Chico, and Rossmoyne's Rizzo the Renowned. All of whom earned their TDAA championships. She was inspired to try AKC agility because of Gale Wise's success with Magic. Brenda quickly became a force to be reckoned with in the 4" and 8" divisions locally. MACH3 Gonzo is currently still competing at the age of 10 and will be attending the AKC Invitionals for the second time this year.

*"To train and compete in agility with your Chihuahua strengthens your bond as it requires much time and dedication."*

PACH2 Chico is now retired. PACH5 Rizzo will be attending the AKC Agility Invitational for the first time as the #1 PACH Chihuahua this year.

Brenda's newest competitor MACH Rossmoyne's Little Red Zoot is a joy to watch. He is the fastest Chihuahua in the history of AKC Chihuahua agility. He is ranked #1 in Bad Dog agility's Breed Power 10 with a power score of 13.75. His Jumpers with Weaves yards per second is 5.21 and his Standard yards per second is 4.27. Fellow competitors are often surprised when their Shelties, Cavalier King Charles Spaniels, and Corgis are beaten by a Chihuahua in the very competitive 8" class.

Brenda Landis's comments on Chihuahuas as agility partners: "I find Chihuahuas very responsive and easy to train. They are very handler focused and love to please. Building confidence takes the most time. Everything must be positive. It's a big world out there for these little guys! Most agility training and seminars are

geared toward working dogs so it can be a challenge modifying the techniques and training drills to work for tiny dogs that are happy with 5 to 10 minutes of instruction. I love the relationship it builds between my dogs and me. When the first 2 Chihuahuas came into our home I didn't know there was such a sport as dog agility.

Through classes and friends I explored agility and worried that a Chihuahua might not really be up to the game. I became more involved over the years progressing from TDAA to AKC agility. My dogs have shown me more capability than I thought possible from such little guys. Chihuahuas are not only up to the game, they rock! I chose puppies from Rossmoyne Chihuahuas because temperament and health are the main priorities in her breeding program."

Many people think of chihuahuas as lap dogs and companion dogs only, but some are extremely intelligent and athletic and can make great agility dogs. I recently purchased a Barbie dog trainer set for my grandkids and was excited that it contained a Yellow Lab and a Chihuahua along with a teeter, tire, and jump. Somebody at Mattel knows that Chihuahuas can be successful agility competitors.

*The author & new Chi Chatter columnist Joyce Gutshall of Rossmoyne Chihuahuas from Pennsylvania. We are thrilled to have her on the Chi Chatter staff.*

## CCA Health Committee News

### By Dr. Anne Vargo, DVM CHPV

Chihuahua Club of America Health Committee Chair

## Understanding

## APGAR Scoring in Puppies

**Dr. Anne Vargo, DVM CHPV**

*Associate Veterinarian,  
Certified Hospice Palliative Care Veterinarian  
Chihuahua Club of Michigan President  
Chihuahua Club of America Health Committee Chair*

Initial examination of puppies using the APGAR score can help identify individuals that need more intensive care and increase puppy survival rates. It is important to note that neonates are not just smaller dogs, they have different vital signs and needs. Data available from the few studies conducted on dogs highlight that the APGAR score is an inexpensive, simple and practical method to evaluate the condition of a newborn puppy.

### WHAT IS APGAR SCORING?

APGAR scoring was developed for human neonates by Virginia Apgar (1909-1974), a American obstetrical anesthesiologist and it has profoundly changed the way we approach canine neonatology and pediatrics. The APGAR score is a quick way to assess the health of newborn children immediately after birth. This scale has been adapted to veterinary medicine allowing for a quick and objective assessment of those puppies that need more care and monitoring.:

- Appearance: refers to the natural color, texture, and appearance of the skin, especially that of the face
- Pulse: heart rate
- Grimace: reflex irritability; a reflex action is an involuntary and nearly instantaneous movement in response to a stimulus

Grimace, indicating the reaction of the neonate to irritability, assessed by gentle compression of the tip of a paw, and evaluating the puppies reaction: rated as 2 when the puppy reacted with crying and quick leg retraction, rated as 1 when the leg was weakly retracted in association to weak or none vocalization and rated as 0 when no leg retraction and no vocalization was stimulated

- Activity: flexion/extension of the arms and legs
- Respiration: respiratory effort and frequency

### SCORING

APGAR scoring will lead to a more objective assessment in collaboration with your veterinarian, what type of care is the most adapted for each specific situation. There are 5 simple criteria ranging from 0-2, and the sum of the 5 values obtained give an indication to the health of the puppy. The resulting APGAR score ranges from 0 to 10.

- 0-3= Critical. Newborns rated as 0 to 3 were considered as severely distressed
- 4-6= Moderately distressed, or moderate viability neonates
- 7-10= Normal newborns with no distress, or normal viability neonates

Puppies that scored lower spent less time searching for the mammary gland and also tended to have worse suckling and swallowing reflexes. Nursing and nourishment are obviously vital to neonate survival. Those with lower scores have higher mortality rates. As expected, lower APGAR scores are reported at birth in neonates born from bitches with dystocia (difficult birth) requiring obstetrical assistance in comparison with puppies born by normal delivery or from bitches where only oxytocin was administered. Overall, good neonatal vitality and APGAR scores were found in puppies born after emergency caesarean sections, however scores can vary based on the anesthesia protocol selected.

In dogs it is recommended to measure APGAR scores at 5 minutes after birth. They can be reassessed after 15 minutes and again at 60 minutes. They can further be tracked 24 hours after birth and subsequent days up to potentially 30 days after birth. The APGAR scoring can be repeated to look for improvement or regression.

### VIABILITY ASSESSMENT AND INTERVENTION

The viability assessment allowed the recognition of puppies with a low APGAR score, requiring different degrees of medical assistance. Intervention can include heat, oxygen, and additional nutrition or resuscitation efforts in severely debilitated puppies. Intervention and intensive care is recommended:

- 6-7 scores require assistance
- 0-5 requires intensive care and potentially resuscitation

Taken together, these results suggest that the APGAR score was highly positively correlated to survival of puppies early after birth and that the mortality rate was concentrated in puppies with a low APGAR score. Although the survival rate after neonatal assistance was higher for newborns classified in the intermediate class of viability as compared to the lowest class, the overall survival after assistance was 43%–91% of the severely depressed/critical neonates, and 88%–100% of the moderately depressed/moderate vitality newborns.

Table 1. Apgar score for canine newborn viability evaluation (Veronesi et al., 2009)

Parameter	Score		
	0	1	2
Mucus colour	Cyanotic	Pale	Pink
Heart rate (bpm)	<180	180–220	>220
Reflex irritability	Absent	Grimace	Vigorous
Motility	Flaccid	Some flexions	Active motion
Respiratory efforts <sup>a</sup>	No crying/<6	Mild crying/6 to 15	Clear crying/>15

<sup>a</sup> vocalization and rr.

***"APGAR scoring will lead to a more objective assessment in collaboration with your veterinarian, what type of care is the most adapted for each specific situation. "***

### FUTURE BENEFITS

More specific parameters can be obtained for breed variations. APGAR scores are also allowing for further studies as it relates to anesthesia protocols andt would also be beneficial for future studies to evaluate the relationship between the medication administered during C-sections and puppy survival rates. APGAR score at birth and long-term survival or developmental, behavioral and neurological outcome in survivors.

### CONCLUSION

In conclusion, the APGAR score is very suitable for neonatal viability assessment immediately after birth and in the first hours of life, especially for those born after cesarean section or dystocia, or for breeds such as the brachycephalic, characterized by higher risk of mortality and low vitality at birth. Although there is no guarantee that all puppies showing a high APGAR score will surely survive, survival is more likely in high-scored neonates than it is in low-scoring neonates. The type of delivery has a significant impact on APGAR score, as well as the type of drugs used for anesthesia.

\*\*\*I encourage breeders to purchase a stethoscope for home use. My favorite for price and quality is the Littmann Classic Pediatric stethoscope for small puppies. It is also beneficial to purchase an Alpha Trak 2 glucometer to assess blood glucose and those at risk of hypoglycemia.

Table 2. Survival rate after neonatal assistance in neonates with Apgar scores between 3–0 and 6–4. Data are expressed as the number of subjects on the total, and percentage

Survival rate		
Reference	Apgar score 3–0	Apgar score 6–4
Veronesi et al., 2009	3/7 (43%)	15/17 (88%)
Doebeli et al., 2013	21/23 (91%)	16/16 (100%)
Batista et al., 2014	29/42 (69%)	138/139 (99%)

# AKC Gazette - Chihuahuas Breed Column

**"There Is No Substitute For Good Breeding"**

**By Virginia "Jenny" Hauber**

**AMERICAN  
KENNEL CLUB®**

## **"There Is No Substitute For Good Breeding"**

We all start at the same place but it doesn't take long before we think we know everything. Eventually, we admit to ourselves this is probably not the case and we begin again. It is at this point that we really start learning and hopefully continue learning the rest of our lives.

People tend to learn only their immediate interest. As breeders, we need to broaden our horizons beyond our immediate boundaries. A Championship title does not guarantee perfection. Knowing and understanding your BREED STANDARD is all important. With that, you also need to know canine anatomy, animal husbandry, and the understanding of genetics and DNA testing. Once all these puzzle pieces are gathered, we put them together to begin a breeding program.

It is always good to make it a habit to look at "virtues" first and "faults" last. If you are a "fault finder", the faults will override the total perspective and leave a lingering impression. Always weigh the faults against the virtues. Do the qualities outweigh the faults? Because of the complexities of genetics and the many variables of inherited characteristics, a breeder must be willing to gamble with nature, taking the worst along with the best. With conviction and courage, triumph will eventually emerge and a great dog will be born.

A breeder must realize that every puppy, in reality, is two different beings and therefore cannot be bred with any degree of skill. PHENOTYPE is what the animal looks like on the outside. Certain genes have come together to create its physical appearance. What a dog looks like on the inside is GENOTYPE, a blueprint of inherited traits from its ancestors. If you like jigsaw puzzles you will enjoy putting your genetic knowledge to work but remember, 75% is luck and 25% is skill.

Now that we know everything is inherited, even the dog's show spirit or ability to perform tricks, we can make better choices. Many faults can be eliminated from a bloodline and superior qualities introduced by selection and understanding of the laws of heredity. Therefore, a dog's true qualities are not necessarily evidenced in its physical appearance but are also concealed in its genetic framework.

**CHI CHATTER 48**

As a breeder, we all understand that there is no perfect dog. Don't be in a hurry for that great one. It is far better for a breeder to move slowly toward an eventual goal by tackling one problem at a time, collecting virtues into the genotype and discarding faults through strict selection. The "overall" dog must be kept in mind. The best package has the best chance in the show ring. Not only does it require a quality dog but also a dog that is properly raised, conditioned, trained, groomed and handled. This is hard work and there are no shortcuts

***"If you like jigsaw puzzles you will enjoy putting your genetic knowledge to work but remember, 75% is luck and 25% is skill."***

The all important pedigree should never be ignored. What a dog transmits to its progeny depends on the genetics and actually has little to do with the number of champions we see in the pedigree. The idea that an inferior dog will produce something greater than itself because it has an impressive pedigree is a fallacy. Unless it carries in its genetic make up a combination for a desired quality, it cannot

pass it to its progeny. Probably one rule stands out above any other and that is "breed only the best to the best and don't be satisfied with anything less." Happy Breeding!
